Full-stack developer with an extensive background in the wine industry. Recent graduate of a full-stack development bootcamp through the University of Washington. I create dynamic and responsive web experiences for my client's customers. My goal for each project is to provide a smooth, consistent and satisfying user experience that is both powerful and intuitive. I'm eager to bring these skills to a results-oriented team that is single-mindedly focused on creating excellent customer experiences.

Technical Skills

Languages: Javascript ES6+ / CSS3 / HTML5

Applications: GitHub

Tools: Node, React, SQL, MongoDB, GraphQL, Express, Redux

Projects

bottlesDb v2 | <https://github.com/JustinM099/bottlesDB> | <https://bottles-db-mern.herokuapp.com/>
